

MALAMA WAO AKUA 2010

East Maui Watershed Partnership
uses art to teach children and
adults about our native forests.

6th Annual Malama Wao Akua 2010 Art Contest

Maui's only native species art exhibition, East Maui Watershed Partnership invites artists of all ages to help raise awareness on the beauty and importance of our native ecosystems. Malama Wao Akua is East Maui Watershed Partnership's annual juried art exhibition that showcases Maui Nui's native species and the folks who work to protect them. Subject matter must be a native species. Art hikes and volunteer services trip opportunities (for high school students and adults) are available if you need a source of inspiration!

Submit your entry at Viewpoints Gallery on Tuesday, September 21, 9am - 4pm. Entry fees are \$5 per piece for keiki and \$10 per piece for adults. Selected keiki and adult work will be on view daily at Viewpoints Gallery September 23 - October 26, 10am - 6pm. A portion of all entry fees and art sales will be donated to EMWP for the protection of our native Hawaiian rainforests. Help us to help

our native forests. For more information call 573-6999 or go to www.eastmauiwatershed.org.
